---

## Step 1: Import Pictures

Import an image from your iPad, Dropbox, or the web.

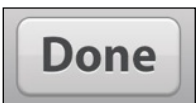

Add a new page to the presentation.

## Step 2: Record

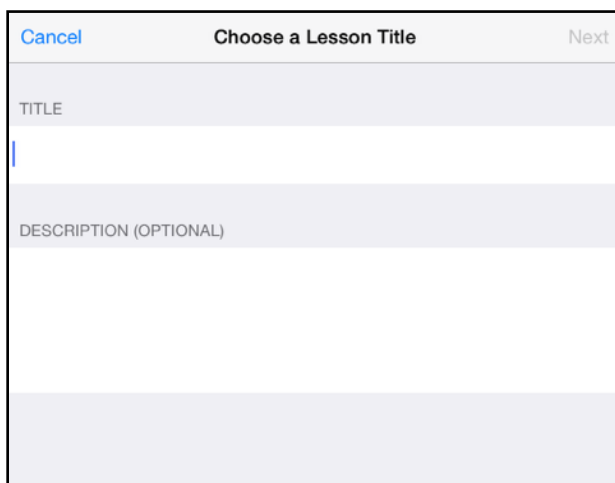

Press record and record the dialogue.

## Step 3: Save the Lesson

Press “Done” to save the lesson and fill out the video info. In the end, choose a privacy setting.

A screenshot of a mobile app screen titled "Choose a Lesson Title". It has a "Cancel" button on the top left and a "Next" button on the top right. The screen contains two text input fields: "TITLE" and "DESCRIPTION (OPTIONAL)".A screenshot of a mobile app screen titled "Audience". It has a "< Back" button on the top left and a "Next" button on the top right. The screen displays the text "Choose who can view this lesson." and four options with icons: "Private" (two people with an arrow), "Public" (a globe), "My Students" (a group of people), and "My School" (a school building).

## Step 4: Watch the Video

On the next screen, click on the video you just made to watch it.

## Step 5: Share

At the end of the video, click “Share” to share it through e-mail or on the web.
